## UPVC

Your trusted, local choice  
for UPVC windows, doors  
& rooflines.

# About Logic UPVC

Logic UPVC is a leading supplier of high-quality UPVC windows and doors, offering a wide range of styles and designs to enhance the aesthetics and functionality of your home. We are committed to providing exceptional customer service and delivering innovative solutions that meet your individual needs. This e-brochure highlights our range of products, their benefits, and why you should choose Logic UPVC for your next home improvement project.

Logic UPVC has established itself as a trusted name in the UPVC industry, known for its dedication to quality, innovation, and customer satisfaction. We have a team of experienced professionals who are passionate about providing the best possible service to our clients. We utilise the latest technology and materials to ensure that our products are of the highest quality and meet the highest standards of energy efficiency and durability. Our commitment to sustainability is reflected in our use of recycled materials and energy-saving manufacturing processes. At Logic UPVC, we believe in building long-lasting relationships with our customers, providing ongoing support and guidance throughout your project.

“Logic UPVC completed a large installation on our property 29 windows, French doors plus a few really oddly shaped windows. We could not have been happier. The team arrived on schedule and really worked hard to complete the project in a very efficient time period. All the site was cleared and the final result was five stars plus.”

# Our Range of UPVC Products

Logic UPVC offers a comprehensive range of UPVC products to meet the diverse needs of our clients.

Our selection includes:

- **Windows:** Casement, sash, tilt and turn, bay, and French windows. We offer a variety of styles, colours, and glazing options to complement any home design.
- **Doors:** Composite, French, patio, and stable doors. Our doors feature advanced security features, thermal efficiency, and stylish designs to enhance the curb appeal of your home.
- **Conservatories:** We offer a variety of conservatory styles, including Victorian, Edwardian, and contemporary designs, to create a beautiful and functional living space.
- **Extensions:** We provide high-quality UPVC extensions that can be customised to your specific requirements, expanding your living space and increasing the value of your home.

# UPVC Window Features & Benefits

Logic UPVC windows are designed to provide a perfect balance of aesthetics, functionality, and energy efficiency.

Here are some key features and benefits:

- **Energy efficiency:** Our UPVC windows feature double or triple glazing, multi-chambered frames and energy-efficient glass to reduce heat loss and lower your energy bills.
- **Durability:** UPVC is a highly durable material that is resistant to weathering, fading, and corrosion. It requires minimal maintenance which will last for many years.
- **Security:** Our windows are fitted with high-quality locks and secure handles to provide enhanced security for your home. They are also resistant to forced entry attempts.
- **Noise reduction:** Double or triple glazing significantly reduces noise pollution from outside, creating a more peaceful and relaxing environment inside your home.
- **Customisation:** We offer a wide range of customisation options, including different colours, styles, glazing, and hardware to create windows that perfectly complement your home's design.

# Composite Door Features & Benefits

Logic UPVC doors combine style, functionality, and security to enhance the entrance to your home.

Here are some key features and benefits:

- **Energy efficiency:** Our composite doors are designed to reduce heat loss and improve insulation, helping you save energy and lower your energy bills.
- **Durability:** Composite is a highly durable material that is resistant to weathering, fading, and corrosion. It requires minimal maintenance and will last for many years.
- **Security:** Our doors feature high-quality locks, multi-point locking systems, and reinforced frames for enhanced security. They are also resistant to forced entry attempts.
- **Low maintenance:** Composite doors are easy to clean and maintain, requiring only a simple wipe down to keep them looking their best.
- **Soundproofing:** Our doors help reduce noise pollution from outside, creating a quieter and more peaceful interior environment.
- **Style and design:** We offer a variety of styles and colours to complement any home design. You can choose from modern, contemporary, or traditional styles to create the perfect entrance for your home.

# Roofing Solutions from Logic UPVC

Logic UPVC now offers a range of roofing solutions to complement our existing window and door offerings. We understand that a roof is a vital part of any home, providing protection and insulation. Our roofing solutions are designed to be durable, energy-efficient, and aesthetically pleasing.

Our roofing team is highly experienced and knowledgeable, providing expert advice and guidance throughout your project. We use only the highest quality materials and follow industry best practices to ensure your roof is installed or repaired to the highest standards.

Our roofing services include:

- **Roof replacement:** We offer complete roof replacement services, using high-quality materials and expert craftsmanship to ensure a long-lasting and secure roof.
- **Roof repairs:** We provide prompt and efficient roof repairs, addressing leaks, damage, and other issues to maintain the integrity of your roof.
- **Roof insulation:** We install high-quality insulation to improve the energy efficiency of your home and reduce your heating and cooling costs.
- **Roof maintenance:** We offer regular roof maintenance services to ensure your roof is in optimal condition and identify any potential problems early on.

# Why Choose Logic UPVC?

## Security & Safety

We prioritise security by incorporating advanced locking mechanisms, reinforced frames, and high-quality glass to provide peace of mind.

## Quality & Craftsmanship

We use the highest quality UPVC materials and employ expert craftsmanship to ensure our products are durable, energy-efficient, and aesthetically pleasing.

## Energy Efficiency

Our windows and doors are designed to reduce heat loss and improve insulation, helping you save energy and lower your energy bills.

## Customer Service

We are committed to providing exceptional customer service and support, from initial consultation to installation and beyond.
